

JOHN REED,
CANADIAN
GEOLOGICAL
SOCIETY.

REALLY
EXCITED TO
SEE WHAT YOU
FOUND OUT
HERE, MISS
YANDLE.

I *BET*
YOU ARE. AND
CALL ME "SAL,"
EVERYONE ELSE
DOES.

...

WHAT?

GEEZ,
MAKE A GUY FEEL
WELCOME. SOME
BIG SECRET OR
SOMETHING?

THAT'S FOR
MISTER REED
HERE TO DECIDE,
AIN'T IT?

HUMPH!
NICE SEEING
YOU TOO,
SALLY.

LET HIM POUT. HE'S FAMOUS FOR IT.

THIS ALL YOUR TOOLS OF THE TRADE THEN?

YEAH, JUST A FEW THINGS WE MAY NEED.

SO...

SO, I GUESS YOU WANNA SEE IT THEN?

I'LL
RADIO YOUR
COMPANY IN A
DAY OR SO WHEN
I'M READY TO
HEAD BACK.

FINE.
MAYBE I'LL
ANSWER.

YEAH. I'D
LOVE TO GET
RIGHT TO IT
WHILE IT'S
STILL LIGHT
OUT.

IT'S
AROUND
ON THE
NORTH
SIDE.

--LIKE I TOLD
YOUR BOSS,
JUST CAME OUT
ONE MORNING
AND THERE IT
WAS.

USED TO BE
A COUPLE OF BIG
ROCKS THERE.
DON'T KNOW WHAT
HAPPENED TO
THEM.
